I would like to inform you that we have recently purchased [REDACTED] Wollombi and we do not have any coverage from any carrier for mobile phones. This is a problem as it is somewhat isolated and it would be wonderful to know you had help readily available when you are out working, if only your mobile phone worked.

Please consider improving the mobile phone reception. We are with Vodafone and even in the town of Wollombi where other carriers get reception, we cannot. Please try to rectify.

Thank You

Narelle Herman
